

PINNACLE FIRE

CORPORATE PROFILE

Specialists in planning, implementation and maintenance of fire protection services.

THE PINNACLE OF SERVICE. OUR CLIENTS DESERVE NOTHING LESS.

At Pinnacle Fire, we believe in quality and service. Good, honest service that makes each client feel like a person, not a number.

We work with a small selection of clients, and understand that each one has unique requirements when it comes to fire safety. Our team works collaboratively with each client to assess their specific fire protection needs and then provide customised solutions. This approach allows us to plan, implement and maintain projects to the highest quality.

Our many years of experience in fire protection means we are always able to deliver outstanding results, on time and on budget. We offer a full range of fire protection services, including sprinkler systems, fire detection systems, portable equipment, passive fire solutions, and regular inspection, testing and maintenance services. We also offer design, engineering, and project management to ensure reliability at every step of the process. Using only the highest quality products from trusted manufacturers, we ensure that all our systems are dependable and effective.

If you are looking for the pinnacle of service in fire protection, look no further.

OUR TEAM

AT PINNACLE FIRE, WE PRIDE OURSELVES ON THE EXPERTISE AND PROFESSIONALISM OF OUR TEAM.

Each member of our team is committed to providing the best in customer service, and completing projects that surpass our clients' expectations. We have extensive experience in retail, hospitals, education facilities, commercial buildings, and many more projects, both large and small.

Let us introduce our team...

JAMEL MOHTADI DIRECTOR

e. jamel@pinnaclefire.com.au

"Fire protection runs in my veins!"

Jamel is a third generation fire industry professional, and he is passionate about the pursuit of perfection and excellence in fire protection services.

Initially working for an independently run family fire business, Jamel established the basics of his trade and gained years of valuable experience across both private and government sectors. He then went on to help launch one of the first fully independent, Australian-owned fire companies alongside his brothers, a business which went from strength to strength over the following years.

After acquiring a wealth of hands-on experience, Jamel felt ready to create his own business, his own way. And so Pinnacle was founded. As Director, Jamel is known for always being available to his customers and also his staff, and prides himself on his ability to resolve the seemingly impossible!

Jamel also feels that a large part of his role is as a motivator and mentor, and loves seeing his staff develop and thrive.

STEFAN SZECHENYI SENIOR PROJECT MANAGER

e. stefan@pinnaclefire.com.au

For over 15 years, Stefan has dedicated his career to the fire industry. During this time, he has acquired knowledge and expertise in all aspects of fire safety, including fire prevention, fire detection, and fire suppression systems. With Pinnacle Fire, Stefan has taken on a new challenge as construction manager. Leveraging his extensive experience in the fire industry, he has successfully delivered a wide range of projects, from small office fit-outs to medium-sized renovations and new builds.

OUR TEAM

STEPHEN BARBETA
PROJECT MANAGER

e. sbarbeta@pinnaclefire.com.au

Stephen is a project manager with 10 years of industry experience and qualifications as a sprinkler fitter. He leverages his hands-on experience to effectively lead and manage projects and personnel. Known for being very approachable and level-headed under pressure, Steve prioritises client satisfaction, striving to achieve the best possible outcome every time. He is committed to continuous self-improvement and learning from those around him. Stephen's ultimate goal is to help Pinnacle Fire become the top contractor in Melbourne.

GRAHAM SAWYER
PROJECT MANAGER

e. graham@pinnaclefire.com.au

Graham is a registered sprinkler fitter with over 27 years of experience in the fire protection industry. His transition from the field to the office has been marked by a strong commitment to professional growth and excellence. We have greatly valued Graham's industry knowledge and expertise throughout this journey. He consistently delivers large-scale projects on time and to the highest standard, demonstrating both leadership and technical proficiency.

MOUHAMED MOURAD (MOE)
OPERATIONS MANAGER

e. moe@pinnaclefire.com.au

Mouhamed (Moe) Mourad is responsible for overseeing the end-to-end operations of Pinnacle Fire. His strong attention to detail enables him to identify areas for improvement within the business and implement timely, effective solutions.

Moe possesses extensive professional experience across Information Technology, Finance, Project Management, Human Resources, and team leadership.

In addition to his operational responsibilities, Moe has assumed the role of Service Manager, where he is dedicated to strengthening client relationships and is committed to establishing Pinnacle Fire as the leading Fire Maintenance Department in Australia.
